

Kerosene Cooking Stove

Model K-30FT

FEATURES

■ MULTIPLE FUNCTION

K-30FT is designed as Cooking purpose mainly. Due to powerful 2.25kW heating power, it is easy to cook as well as boiling the water. Furthermore, it can be used as a space heating in the house. It is also very useful in a time of disaster when life line is cut off.

■ DOUBLE WALL TANK CONSTRUCTION

The double wall tank construction delays fuel leakage even when stove tips over for safety.

■ DURABLE GLASS FIBER WICK

Durable Glass Fiber Wick ensures a longer wick life-time than cotton wick. Glass Fiber Wick cannot be burned out easily even if the stove runs out the fuel. Tar deposit on the wick can be removed cleanly by the method of burning dry.

■ EASY TO OPERATE AND MAINTAINANCE

Just turn the knob clockwise and ignite with a match or a lighter. Then turn the knob counterclockwise for turn-off. No tool is required to replace a wick and it is easy for maintenance.
